Mohsen,
This is what I sent to you at 1:38 yesterday. I will give you a call in a few minutes to verify whether you received this or not.

Mohsen,
Attached per our telephone conversation is a copy of the Exxon-Mobil Torrance RMP without the Worst-Case Scenario/ Offsite Consequence Analysis. As I explained, under federal law we cannot send the OCA/WCS information via email. Angie will work with you to get access to that data thru the EPA restricted website.

I also recommend that you look at the following website. This is an independent organization which receives a download of the EPA database annually.

You can get copies of any of the facilities' RMPs without going through the federal website.....
